Message-ID: <19960813.000504.5159.12.wj5j@juno.com>

Has anyone computed coil/xtal data for the WARC bands
for the popular 3 band hf downconverter that ran for years
in the ARRL handbooks of the 60's and 70's?

Please get in touch if you have or know someone who has
made any progress with the design.

Thanks guys,

Doug
